

The logo for VEGA, with the letters in a bold, green, sans-serif font.

Ideas for better life

A top-down photograph of a woven basket filled with fresh brown eggs, resting on a wooden surface. Some green leaves are scattered around the basket. The background is a light, textured surface.

# 25- Hydroxy Vitamin D3

- Green chemical synthesis technology, environmentally friendly
- High-purity raw materials, no residue of harmful impurities
- Nano-encapsulation technology, effectively protect biological activity and improve stability
- The layout of the whole industry chain, the quality and source of raw materials are controllable
- Provide full-process technical services, formula expert guidance, dosage form customization and other support
