

## FOOD ADDITIVES MONTHLY REPORT

Report Date: Sep 01,2022

## Catalogue

### 1. Vitamins:

- 1) Vitamin A
- 2) Vitamin D3
- 3) Vitamin E 50% CWS /VE Oil 98%
- 4) Vitamin C/Coated 97/DC97
- 5) Vitamin B1 Mono/Hcl
- 6) Vitamin B5/D-Calcium Pan.
- 7) Folic Acid
- 8) Biotin 98%

### 2. Sweeteners

- 1) Glucose series
- 2) Erythritol
- 3) Aspartame
- 4) Sucralose
- 5) Saccharin Sodium

### 3. Acidulants

- 1) Citric acid series
- 2) Taurine
- 3) DL-Malic acid

### 4. Preservatives

- 1) Sorbic Acid /Potassium Sorbate
- 2) Sodium Benzoate

### 5. Antioxidants:

- 3) Sodium Erythorinate
- 4) Sodium Ascorbate

### 6. Other products

- 5) Coenzyme Q10
- 6) Inositol

## Vitamins

### Vitamin A

Market price drop much in the past two months, and now relatively stable. Market demands still not so active. The Vitamin A 1.7 Miu/G price is about USD70-75/KG against different quantity.

### Vitamin D3

Market price of Vit D3 remained table in Aug. The current price of Vit D3 100,000IU/G CWS is at about USD9.5-10/KG, and the price of Vit D3 40MIU decrease to about USD1800-2000/KG.

### Vitamin E 50% CWS /VE Oil 98%

Market price this months still at stable side. At present vit E 50% CWS food grade at about USD15-16/KG. Vit E 98% Oil price at about USD21-22/KG. Keep eyes on feed/food of Vit E market changes.

### Vitamin C/Coated 97/DC97

Vit.C series: At present, domestic VC has experienced the suspension of quotation, and the price has dropped a little, but the price is at the historical bottom range, the export market is temporarily stable, the domestic transaction volume has improved, and some customers are willing to appropriately increase the inventory; the current VC powder export FOB quotation is at USD2.9-3.3/KG; VC DC pellets at USD3.7-4.1/KG.

### Vitamin B1 Mono/Hcl

In generally, the market keep stable in Aug.

Price is already at bottom level and it's hard to drop much more in later period. With the currency rate floating up, the export price is getting better. We kindly suggest to make purchase for stock. The current price for VB1 Mono is around USD18-19/KG FOB, and VB1 Hcl is around USD24/KG FOB.

### Vitamin B2 98%

The products keep stable in past one month. Coming into summer some factories will pause production for maintenance. The current pricing is around USD44-48/KG depending different brand and quantities.

### D-Calcium Pan/Vitamin B5

This product is being stable and little weak this month after current market price dropped much last month, now the market price is around USD25/KG from different brands. We predict it will be stable.

### **Vitamin B6**

The product market keeps stable in past one month. Price is at the bottom level for long period. It is almost safe to make stock reserve at present. With the hot demand season coming in Sept, it should be pay attention to price in later market. The current market price is around USD17/KG.

### **Folic Acid**

The main factory price is slightly getting downwards in Aug, due the a little bit weak market demand. The market price is at low level, can make stock if need. Current factory offer is around USD31-33/KG FOB from different brands.

### **Biotin 98%**

Some factories come into summer maintenance this month, the demand is weak and spot product is good. The current price is around USD270-290/KG depending different quantities.

## Sweeteners

### Glucose series

Glucose price a little lower than July because of weak demand. The price of Glucose Mono about USD550-600/MT FOB and Glucose anhydrous at about USD700-740/MT. Clients can buy as plan.

### Erythritol

The competition among manufactures are fierce, the market supply and demand are unbalanced, the supply exceeds demand, and the manufactures have sufficient stock. At present, the price is at the bottom. and the current export transaction in the market is around USD1.5/KG.

### Aspartame

The market is little tight. Price is stable. Current market price is around USD17.5/KG.

### Sucralose

The price is begin to rise again . The current market price is at around USD49-51/KG. The factories will start to stop production for annual machine inspection in Summer, the price may be influenced.

### Saccharin Sodium

The price is table. The current market price is around USD6.5-7.5/KG FOB China.

## Acidulants

### Citric acid series

Citric acid keep down trend in July. Current offer of CAA at about USD1100/MT FOB, CAM at about USD1000/MT, sodium citrate at about USD1100/MT. Suggest customer buy as demand.

### Taurine

After the manufacturer adjusted the price in mid-July, the price was raised again to USD3.4-3.6/KG in early August. It is expected that the price of taurine will stabilize next.

### DL-Malic acid

DL-malic acid, the delivery time is still tight. At present, the factory's delivery time is generally in the second half of 2022, and some factories have reached 2023. The current market price is USD3800-4000/MT.

## Preservatives

### Sorbic Acid /Potassium Sorbate

The current price of potassium sorbate and sorbic acid are becoming weak. Now the price of potassium sorbate is about USD6.1/KG, sorbic acid is about USD6.3/KG.

### Sodium Benzoate

The price of sodium benzoate remains stable, now it is about USD2.2/KG. The price of Benzoic acid is about USD2.1/KG FOB China.

## Antioxidants

### Sodium Erythorate

the market price now almost at the bottom compared with the price of last year around USD3.4/KG, delivery could be according to stock.

### Sodium Ascorbate

The market for sodium ascorbate now remains stable , the market price is about USD3.9/KG FOB, and the price of VC calcium at USD4.2-4.3/KG FOB.

## Other Products

### Coenzyme Q10

As new manufacturer Yuxing entered, the current market price is about USD300-320/KG, a little different depending on the brand. Kindly advise to buy against the current demands.

### Inositol

One of the main manufacturers of inositol was also affected by the power and production restrictions due to the power shortage in Sichuan. The production capacity of other factories has also declined, and the current market price is around USD22/KG. Inositol prices are expected to rise next.

### Xanthan Gum

The price of Xanthan Gum is stable relatively, but the domestic delivery time is tight. The current price of food grade 80 mesh is around USD5.8/KG, 200 mesh is around USD6.1/KG.
