

FOOD ADDITIVES MONTHLY REPORT

Report Date: NOV. 30, 2022

Catalogue

1. Vitamins:

- 1) Vitamin A
- 2) Vitamin D3
- 3) Vitamin E 50% CWS /VE Oil
98%
- 4) Vitamin C/Coated 97/DC97
- 5) Vitamin B1 Mono/Hcl
- 6) Vitamin B5/D-Calcium Pan.
- 7) Folic Acid
- 8) Biotin 98%

2. Sweeteners

- 1) Glucose series
- 2) Erythritol
- 3) Aspartame
- 4) Sucralose
- 5) Saccharin Sodium

3. Acidulants

- 1) Citric acid series
- 2) Taurine
- 3) DL-Malic acid

4. Preservatives

- 1) Sorbic Acid /Potassium
Sorbate
- 2) Sodium Benzoate

5. Antioxidants:

- 1) Sodium Erythorlate
- 2) Sodium Ascorbate

6. Other products

- 1) Coenzyme Q10
- 2) Inositol

Vitamins

Vitamin A

The price of Vitamin A can be a little better than last month. Now market price demands still not so active. Vitamin A 1.7 Miu/G price is about USD63-65/KG against different quantity.

Vitamin D3

Vit D3 price again slightly decreasing though already in low bottom before. The current price of Vit D3 100,000IU/G CWS is USD9.0-10.5/KG, and the price of Vit D3 40MIU keep stable.

Vitamin E 50% CWS /VE Oil 98%

At present Vit E 50% CWS food grade is stable, the price at around USD14.5-15.5/KG. And the price of Vit E 98% Oil is a little low at about USD19-20/KG.

Vitamin C/Coated 97/DC97

VC series: There is sufficient supply of vitamin C in the market, with large upstream production capacity and large inventory. At present, the price is low and stable. According to different brands, China exports VC raw powder. The FOB price is about USD2.7-2.9/KG, the VC sodium price is about USD3.1-3.3/KG, the VC calcium price is USD3.5-3.96/KG, and the VC DC price is USD3.3-3.96/KG. Two other factories temporarily suspend production due to the epidemic situation and the last low price. It is expected that the market will be stable in December, and VC will enter a very low position, It is recommended to properly store the safety stock.

Vitamin B1 Mono/Hcl

The market price keeps relatively stable with slightly downwards in Nov. . While in later period, factories are willing to keep price stable. It is safe to make the purchase plan at present. The current price for VB1 Mono is around USD15.5/KG FOB, and VB1 Hcl is around USD20/KG FOB.

Vitamin B2 98%

The products keep stable this week. Due to exchange rate changes the price might float a little. And new factory begin to offer a lower price. The current pricing is around USD39-45/KG depending different brand and quantities.

D-Calcium Pan/Vitamin B5

This product is being stable and little strong this month, spot stock is being consumed. Now the market price is around FOB USD20-23/KG from different brands. We predict it will be stable at least, need to pay attention to the action of factorises.

Vitamin B6

The product market keeps stable generally in Nov. , price is at the bottom level for long period. there is no much room to downwards. Thus It is almost safe to make stock reserve at present. It is expected to keep stable later. The current market price is around USD15/KG FOB.

Folic Acid

The factory offer keeps stable with slightly downwards in Nov, and the market demand is a little bit quite. While factory price differs from main brands. Current market price is around USD28-29/KG FOB.

Biotin 98%

This product is keeping stable this month. The demand is weak and spot product is available. The current price is around USD220-230/KG depending different quantities and brands.

Sweeteners

Glucose series

Glucose price almost no change and keep stable this month. The price of Glucose Mono about USD520-580/MT fob and Glucose anhydrous at about USD670-720/MT. Clients can buy as plan.

Erythritol

At present, the price is stable, and the current export transaction in the market is around USD 2.0/KG.

Aspartame

The market is stable. Owing to exchange rate change, USD price is getting little better. Current market price is around USD13-14/KG. Price will be stable in the following days.

Sucralose

The price is stable at around USD37.5-38.5/KG at the moment. Main factory decrease the production, we need to pay attention the supply and demands in the following months.

Saccharin Sodium

The price is stable. The current market price is around USD6.0-6.5/KG FOB China .

Prumix

Acidulants

Citric acid series

Citric acid price falling down slightly. Current market price of CAA at about USD850/MT FOB, CAM at about USD750/MT, sodium citrate at about USD800/MT.

Taurine

At the beginning of November, manufacturers raised their prices slightly due to the impact of costs, but the market demand was still weak. The market price maintained a short period of time and then fell back again. The overall price in November is not much different from that in October. The current market price is about USD2.9-3.0/KG FOB. The market price varies greatly.

DL-Malic acid

DL-malic acid, because of the price of raw materials fell, and the market demand was general, factory price was going down this month. The current market price is at USD3150-3200/MT.

Preservatives

Sorbic Acid /Potassium Sorbate

The current price of potassium sorbate and sorbic acid are stable. Now the price of potassium sorbate is about USD4.5/KG, sorbic acid is about USD4.4/KG.

Sodium Benzoate

The price of sodium benzoate remains stable, now it is about USD2.2/KG. The price of Benzoic acid is about USD2.1/KG FOB China.

Antioxidants

Sodium Erythorate

the market price now has increased a little, now the price is at about USD3.7/KG, the delivery and price could be according to the situation of stock .

Sodium Ascorbate

The market for sodium ascorbate now remains stable , the market price is about USD3.3-3.65/KG FOB, and the price of VC calcium at USD3.8-4.2/KG FOB . The price is in bottom , we can consider to buy against the demands .

Other Products

Coenzyme Q10

As new manufacturer Yuxing entered, the current market price is about USD300/KG, a little different depending on the brand. Kindly advise to buy against the current demands.

Inositol

The factory production capacity was still insufficient in November, and the supply in the market gradually decreased. The current market price is maintained at about USD20-22/KG FOB, the price will keep rising slowly in the future.

Xanthan Gum

The price of Xanthan Gum keep a slight rise in the past month, meanwhile the delivery time is still tight. The current price of food grade 80 mesh is around USD6.1/KG, 200 mesh is around USD6.3/KG.
