### Vitamin C/ DC /Coated 97

During the FIC period in the VC market in March, all factorys raised their quotations to USD 2.8-3/KG. It is reported that each factory has plans to stop production for maintenance to reduce supply and increase prices. The market price of 97% of VC DC is about USD3.1-3.3/KG. As the price of VC raw materials rises, the price of VC DC will also change accordingly.

### Vitamin B1 Mono/Hcl

The Vitamin B1 market keeps relatively stable in Mar. Main factory have willing to increase the market offer slightly, while it depends on the market demand sitution. Some factory delivery is tight and reach to middle later April. Thus it is better to make purchase stock plan if need. Currently market price B1 mono is around USD14/KG, and B1 HCL is around USD18.5/KG.

### Vitamin B2 98%

The product keeps stable this week. Due to exchange rate changes the price might float a little. The current price is keeping stable, around USD38-41/KG FOB depending different brand and quantities. We have good prices to offer.

### D-Calcium Pan/Vitamin B5

Demand is stable this month, but market price is bit rebounding in mid March. Current pricing is around FOB USD16.5-17/KG from different brands. We predict it will be stable at least, need to pay attention to the action of factorises.

### **Vitamin B6**

Due to the rising cost of raw materials, production pressure is still existing, the market price has risen up at the beginning of Mar, and keeps stable later period. Recently there is a news that it is possible to rise market offer in the end of Mar or early April. Thus it is better to make stock plan more earlier and focus on the later market price. At present market price is around USD17.0/KG.

### **Folic Acid**

The factory offer is relatively stable with lightly downwards in the later Mar. And factory has willing to keep the price, the market transaction is a little weak. In later Mar, factories have give some support on price to encourage the delivery. It is expected to keep relatively stable later. Current market price food grade is around USD27.5-28.5/KG FOB.
