Price for Vit E 50% CWS food grade at around USD13-USD14/KG, and the price of Vitamin E 98% Oil at about USD16-17/KG. The market trend is relatively stable.

Vitamin C/ DC /Coated 97

The vitamin C market keeps stable this month. Current price for VC is in the bottom about USD2.1-2./KG . The market price of Coated 97% at about USD2.8/KG and VC DC97% at about USD3.2/KG.

Vitamin B1 Mono/Hcl

It has drawn lots of attention on the market recently, now all factories jointly stop offer for B1 HCL and B1 mono. Most trader and customer watch on the market. It should pay attention on the factory new offer later. Before factory stop offer, the exporting transaction price B1 Mono is around 13.5-14USD/KG, price of B1 HCL around USD 18.5/KG from different brand.

Vitamin B2 98%

The product keeps stable in September. Market price is around USD35-39.5/KG FOB depending different brands and quantities. Some factories even offer higher price in the market, it is predicted to be stable in short time.

D-Calcium Pan/Vitamin B5

Demand is keeping weak this month. Even some producers stop production in Summer for maintenance, the products are available in the market. Current pricing is around FOB USD10-11/KG from different brands. We predict it will be weak still, need to pay attention to the action of factories.

Vitamin B6

Factory are willing to keep price strong and upward. One of main factory stop offer during VIV Nanjing exhibition. Generally it keep stable on the market from early Sept. Current main factory offer is around 18USD/KG. The lower cost stock is limited on market. And it is expected to keep stable later.

Folic Acid

In Sept, Folic Acid is relatively stable with little upwards. For food grade, Niutang is offering much higher than before. Market price is around 24.5-25USD/KG Fob from different brand. Customers make purchasement base on current demands. In short time the price will keep stable.

Biotin 98%

This product is keeping weak this month. The current price is around USD158-167/KG FOB depending on different quantities and brands. It is predicted to be weak in short time.

Sweeteners

Glucose series

After a price increase in August, prices are now stabilising. and the current price is around 0.66-0.69 USD/KG FOB. The recent market transaction price of glucose monohydrate also basically remained stable, the transaction price in the market is around 0.55-0.6 USD/KG.

Erythritol

Erythritol prices have declined this month, and the current export transaction in the market tonnage prices is around USD1.7/KG FOB QINGDAO.

Aspartame

The market is on increasing trend. The main reason is the price of the main raw materials propylene and aspartic acid raised, the market price already increased above USD10.5-11. While earlier time is around USD9-9.5.

Sucralose

The price is on a sharply increasing. The main raw material DMF increase a lot, also sugar price in the market raise to a history high level. Current market price level already increase to USD18.5-20/KG, we think the price in near futue will keep strong still.

Saccharin Sodium

The market is stable without change. Current market price for 20-40mesh is USD5-6/KG, and 100mesh is around USD6-7/KG FOB China against different brands.

Acidulants

Citric acid series

Now due to the impact of rising corn prices, the price of citric acid continues to rise. The market price of anhydrous citric acid is 0.75-0.78/KG FOB, and the market price of citric acid monohydrate is 0.7-0.72/KG. We suggest purchasing it and it will continue to strengthen in the future.

Taurine

The market demand is average this month, with few inquiries, and the overall price is stable; the current market price is around FOB USD1.8-2.1/KG. The specific market price may vary slightly.

DL-Malic acid

DL-malic acid, because of the price of raw materials fell, and the market demand was general, factory price was going down, but keep stable this month. The current market price is at USD1800-1900/MT.

Preservatives

Sorbic Acid /Potassium Sorbate

The market demand is soft, end users mainly purchase base on demand. Recently, the price of sorbic acid begin to rise , now the price of Sorbic Acid at about USD2.9/KG, and potassium sorbate is about USD 2.35/KG. In the later stage, pay more attention to market changes and manufacturers' signing of orders.
