## VITAMIN

01

From 15th January, some VC manufacturers began to quote and sign orders in the domestic market, VC powder quote USD3.5/KG, VC 35% mono ester quote USD2/KG, and domestic VC coating manufacturers followed to increase the VC coated price to USD3.5 /KG.

## AMINO ACID|Valine

02

The recent quotation of domestic manufacturers continues to be weak, the price of some manufacturers is slightly lower, the trade market quote USD2-2.12/KG or so, the end customer signed fewer orders, it is expected that the market is weak in the later period, pay attention to the factory order.

## API

03

Recently, the world's first industrial production project using microbial fermentation to produce chondroitin was completed and put into operation in Chifeng Pharmaceutical Co., LTD. The project is the world's first industrial production of chondroitin by microbial fermentation, and the production technology is provided by Europe (France and Italy), and the two sides jointly invest more than 60 million yuan to produce in Chifeng Pharmaceutical, all products are sold to Europe, and the annual sales revenue of Chifeng Pharmaceutical can reach 50-60 million yuan

## FOOD ADDITIVE

04

Recently, affected by the market situation, L-carnitine tartrate price export transaction price is about USD19-20/KG. It is expected to continue to show an upward trend, and we will continue to pay attention to the market.
