VITAMIN

01

Recently, affected by various factors such as demand, supply and market, the global market for fat-soluble vitamin ADE has generally risen, with some overseas markets leading the rise. As of now: vitamin A1000, the European market price is €19-20.5/KG (equivalent to 20.5-22 USD), South America is USD19-20/KG, the North American market is USD18.5-19/KG, and the Chinese is USD19-20/KG or the quotation is suspended; Vitamin E 50%, the European market price is €8/KG (equivalent to 8.5 USD), and the South American market around USD7.5-8/KG, the North American market is USD7.5-7.8/KG, and some even more than 8 USD. The Chinese market is USD7.8/KG and limited orders are signed or some stopped the quotation; Vitamin D3 500, the European price is €7-7.2 /KG (equivalent to 7.6-7.8 USD), and the South American market is USD8-8.3/KG, and the price of a small amount of supply in the North American market is around USD6.8-7.2/KG. Most factory in Chinese have stopped offering and reporting.

AMINO ACID

02

According to customs data, 53,000 tons of threonine were exported in December, a month-on-month decrease of 3.6%, and a year-on-year increase of 27.5%; the cumulative exports from January to December were 569,000 tons, a year-on-year increase of 4.1%. Recently, market is a bit weak, transactions are average, and end customers are purchasing on demand. The market is expected to be weak in near future.

API

03

SSY Group Limited announced that the group's lidocaine hydrochloride has been approved by the China National Medical Products Administration to be registered as an API for use in marketed preparations. Lidocaine hydrochloride is a local anesthetic and antiarrhythmic drug, mainly used for infiltration anesthesia, epidural anesthesia, topical anesthesia and nerve conduction block.

FOOD ADDITIVE

04

Recently, food-grade Glycine has been affected by the price increase of raw materials, among which acetic acid is the most representative. Manufacturers have raised prices one after another. The market price has risen to USD1.8-2/KG. It is expected that the subsequent price will show an upward trend.
