Vitamins to VEGA!

5th. Jun. 2024

## VITAMIN

01

Recently, due to the continuous rise in soda ash and chrome ore prices, production costs have continued to rise, and Hubei Zhenhua/Chongqing Minfeng have raised the price of K3 raw materials. You can pay attention to the K3 quotation in the future.

## AMINO ACID

02

On June 4, according to the latest quotation of Chengfu Group: the price of lysine increased by 300 yuan/ton, and the specific transaction depends on the transportation distance, and priority is given to long-term stable customers.

EPPEN maintenance plan announcement: According to the company's annual plan, it is planned to overhaul the Inner Mongolia base in early July, and the maintenance time is expected to be 7-10 days; please make reasonable inventory for domestic and foreign customers to avoid affecting normal production.

## API

03

On June 4, Huisheng Biological Company and other units declared "Zhenqi Granules" as a new veterinary drug. The Ministry of Agriculture and Rural Affairs announced and issued the "New Veterinary Drug Registration Certificate" on May 30, 2024.

## FOOD ADDITIVE

04

Recently, affected by the market conditions, the transaction price of L-carnitine BASE by mainstream manufacturers has stabilized to around RMB 155-160/KG, and the transaction price in the foreign market is around US\$19-19.5/KG. It is expected to show a stable trend in the future, and we will continue to pay attention to the market conditions.
