VITAMIN

01

Yesterday, Shandong Kunda Biotechnology Co., Ltd. raised feed grade nicotinamide offer to 6.6usd/kg this week with limited signing. According to market news, some manufacturers increased feed grade VA 500 domestic offer to 75usd/kg, feed grade VE 50% domestic offer to 25usd/kg

According to market news, the domestic EXW price of HEGNO feed grade VB2 80% was 12.8usd/kg.

AMINO ACID

02

Lysine Sulphate prices in the trade market weakened slightly. At present, the export orders of enterprises slowed down, 98.5% lysine export quotes about 1360-1400 USD/tonne, 70% lysine export quotes about 670-690 USD/tonne, sulfate replenishment demand is small, it is expected that the price of lysine hydrochloride is stable operation, sulfate price or weak adjustment.

API

03

Tiamulin mainstream manufacturers shut down production and limited supply, market supply intensified tension, the current mainstream factory offer to 27.5usd/kg, the current market inventory capacity is small, the recent rise in pig prices is obvious, the follow-up price is expected to continue to rise.

FOOD ADDITIVE

04

Affected by the market demand, the price of maltitol powder is stabilising, the price of most of the domestic manufacturers is around 13-15 RMB/KG, and the transaction price of foreign market is around 1.7-1.9 USD/KG. Subsequent price decline is less likely, will continue to pay attention to the market situation
