Vitamins to VEGA!

5th. September. 2024

## VITAMIN

01

According to market news, starting from September 4, the price of feed-grade vitamin D3 500,000 IU/G powder of Zhejiang Weishi Biotechnology Co., Ltd. will be adjusted to 480 yuan/KG, the export price is USD60 /KG, and only offer limited quantity.

## AMINO ACID

02

Valine: Manufacturers' quotations are stable with a bit weak trend, with the market price at USD1.75-1.85/KG, and inquiries are few. End users rarely replenish stocks, and the market transaction atmosphere is light. We will pay attention to market transactions. It is expected that the price of valine may continue to be a bit weak in the short term.

## API

03

Sulfonamides: The market is running steadily, and prices are stable at a low level. Sulfadiazine (sodium), the market price is USD19.7/KG, sulfadimethoxine (sodium), the market price is USD9.85/KG, and the future price trend needs to pay attention to the changes in terminal demand and raw material costs.

On September 4, Hanyu Pharmaceutical announced that recently, the company's somatostatin API received the CEP certificate issued by the European Directorate for the Quality of Medicines and HealthCare. This time, somatostatin received the CEP certificate issued by the European Directorate for the Quality of Medicines and HealthCare, which opened up an access channel for the company's somatostatin API to enter the EU market, which is conducive to the expansion of the company's API overseas market and will have a positive impact on the company's operating performance in the future.

## FOOD ADDITIVE

04

On September 3, the National Standards Committee issued a notice on the mandatory national standard formulation plan for "Sanitary Requirements for Bulk Transportation of Edible Vegetable Oils". The national standard plan "Sanitary Requirements for Bulk Transportation of Edible Vegetable Oils" was drafted by the State Administration of Grain and Reserves and entrusted to the National Technical Committee for Grain and Oil Standardization for implementation. The main drafting units are Henan University of Technology, Nanjing University of Finance and Economics, and the Scientific Research Institute of the State Administration of Grain and Material Reserves.
