VITAMIN

01

Recently, Chifeng Pharmaceutical Co., Ltd. was awarded the production license for vitamin B1, vitamin B2 and calcium pantothenate feed additives. The certificate is valid from September 9, 2024 to September 8, 2029.

AMINO ACID

02

According to market news: Huaheng Bio's feed-grade valine is priced at USD1660/MT, feed-grade isoleucine is priced at USD3185/MT, feed-grade arginine is priced at USD3585/MT, and feed-grade tryptophan is priced at USD7170/MT.

API

03

For tylosin, mainstream manufacturers have limited production and supply, and the market supply is becoming increasingly tight. Currently, mainstream factories offer prices at USD29.5/KG. The current market inventory capacity is small, and the recent rise in pig prices is obvious. Subsequent prices are expected to continue to rise.

On October 9, Guobang Pharmaceutical announced on the Shanghai Stock Exchange that its wholly-owned subsidiary Zhejiang Dongying Pharmaceutical Co., Ltd. received the approval notice for the listing application of cefazolin sodium chemical raw materials approved and issued by the State Food and Drug Administration. Cefazolin sodium is suitable for the treatment of a variety of infectious diseases.

FOOD ADDITIVE

04

Recently, the research, development, production and sales (Phase I) project of Aigeli (Qiqihar) Bioengineering Co., Ltd. with an annual output of 5,000 tons of biological organic acid calcium propionate was announced on relevant websites. The total investment estimate of this project is 20 million yuan. The main process is the fermentation process. During the fermentation stage, propionic acid is produced in the fermentation tank, and then calcium hydroxide solution is added to react to produce calcium propionate. The construction is expected to be completed in three months. Aigeli (Qiqihar) Bioengineering Co., Ltd. was established in July 2022 and is registered in the Hydrological Committee of Ang'angxi District, Qiqihar City, Heilongjiang Province. Its business scope includes food additive sales, fertilizer sales, etc. The licensed projects include food additive production and fertilizer production.
